BALLOT
NUMBER

Recruitment Officer, Primary Health Care,
Doha · Physicians and paramedical staff,
sourcing through to onboarding

A PFC resident since November 2021. Her
working life has been in recruitment for Primary
Health Care in Doha, Qatar, hiring physicians
and paramedical staff and carrying each

appointment the whole way — sourcing, screening, and through to onboarding. It is work built on coordination, following things through, and being answerable for them. The parts of the campus she wants to work on are the practical ones: water management, the STP, horticulture and maintenance, and seeing that the rules we already have are applied the same way for everybody. She is standing to be reachable — to hear a problem, answer it, and see it through to something that actually works. Not to hold a position, in her own words, but to contribute.
