Mechanical engineer · 35+ years in engineering, projects and infrastructure · Retired Deputy General Manager, MECON Ltd (Government of India) · B.E. (Mechanical), M.Tech

A resident owner at PFC, and a mechanical engineer — B.E. and M.Tech — who retired as

Deputy General Manager at MECON Ltd, a Government of India undertaking, after more than thirty-five years in engineering, projects and infrastructure: industrial air conditioning and ventilation, water, oil and gas piping, construction, operation and maintenance, and project management. He served on EC2, first as a co-opted member and then as a member, and the things he pressed there draw on exactly that experience — the operation and maintenance of the borewells, mechanical and maintenance deficiencies, the air conditioning in the clubhouse guest rooms, anomalies in the firefighting system, the football turf, and the water quality and contamination in the complex. He coaches badminton, table tennis and tennis here free of charge, on the view that healthy residents make a healthy community.
